

The **Crown Series 5300 Garden Window** line offers the gardening enthusiast understated charm and warmth to the home. Ideal for the kitchen, this window allows plants and herbs to flourish by permitting a limited amount of sunlight to enter the solar chamber. The garden window employs an automatic latch that locks when the vent is closed. Specialty options include flat or sculptured grids, leaded glass, and v-groove glass configurations.

Series 5300 Garden Window Performance Matrix

Description	AAMA Rating⁽¹⁾	Structurally Tested (MPH)⁽³⁾	Forced Entry Tested⁽⁴⁾
Garden Window	HS-R20	108	PASSED

1. Tested in accordance to AAMA/NWWDA 101/I.S.2-97 specifications.
2. Static pressure and air velocity relationship expressed mathematically by the formula:
 $P = .00256V^2$.
3. Forced entry resistance tested in accordance to CAWM 301-90.
